

Inauguration and Blessing Ceremony of Food Microbiology, Food Chemistry and Food Analysis & Quality Evaluation Lab

The beginning of every wonderful story is auspicious!

Amal Jyothi College of Engineering places a strong emphasis on providing students with real-world experiences. When it comes to understanding Food Technology, the function of laboratory and field learning becomes increasingly important. In the presence of Fr. Mathew Paikatt, Manager of Amal Jyothi College of Engineering, Director Dr. Z V Lakaparambil, Principal Dr. Lillikutty Jacob, and other invited guests, the Food Microbiology, Food Chemistry, and Food Analysis & Quality Evaluation Labs were officially opened on February 25, 2022 by Very Rev Fr Bobby Alex Mannamplackal, Vicar General and Managing Trustee of Amal Jyothi College of Engineering.

Our Laboratories are well equipped with state-of-the-art facilities like Laminar Flow Cabinets, Autoclaves, Microscopes, Deep Freezer, Centrifuges, Colony counters, Ovens, U.V-Vis Spectrophotometer, Moisture Analyzers, Bursting strength tester, Hammer mill, Sieve shakers, Refractometers, Firmness testers, etc.
