RESTORING THE BEAUTIFUL SMILES OF KIDS OF THE HOME OF BETHLEHEM

DEPARTMENT OF FOOD TECHNOLOGY

We thought it is wonderful to give a chance for smile to the beautiful faces of the kids at the home of Bethlehem.

We have hand painted clay pots with amazing designs and planted beautiful foliage plants.

Program Coordinator: Dr. Sunnichan V. George

12 Aug

Bethlehem, Vandanpathal, Mundakayam

3:00-4:00 PM

The poster features several photographs showing the program in progress. One photo shows a man in a white lab coat presenting a potted plant to a group of children. Another photo shows a man in a white lab coat holding a baby while a woman and another child look on. A third photo shows a man in a white lab coat and a woman presenting a potted plant to a child. A fourth photo shows a group of people, including children and adults, holding their potted plants. The poster also includes a calendar icon, a location pin icon, and a clock icon. There are several smiley face icons scattered throughout the poster.

Outcome – We thought it will wonderful to give a chance for smile to the beautiful faces of the kids of Bethlehem on the occasion of Onam. We food technology family came together and have handed painted clay pots with amazing designs and planted beautiful foliage plants.
